UCC-3/CNS-3 INSTRUCTIONS

Use this form to file changes to either UCC Filings, Farm Product Central Notice (CNS), or both.

1. If the space provided for any item on this form is inadequate use UCC-5/CNS-5 form as an attachment.
2. Verify for accuracy and correct spelling.
3. Be sure this form is properly signed. There are different signature requirements for different filing actions.
4. Refer to the user's guide for further information. The guide may be purchased from the Secretary of State's office.
5. Submit the original and one copy for filing in the same office the original lien was filed.

The following letters correspond to the lettered sections on the front of this form.

- A. You may use this form to file in either the UCC Index or CNS Index or both.
- B. **CUSTOMER BILLING #:** Clients may request to be billed for services. Upon approval a customer billing number is provided. This needs to be typed on the form for accurate billing processing. Without a customer number all fees must be paid at the time of filing.
- C. Check if applicable. Be sure to include your fax number if submitting by fax.
- D. **ORIGINAL FINANCING STATEMENT NUMBER:** Indicate the original financing statement number this filing refers to along with the date of original filing. This information must be included on the UCC-3/CNS-3 in order to make the requested changes to the original filing.
- E. **REQUESTED CHANGE:** Mark the boxes indicating the action you are requesting affecting the original UCC-1/CNS-1 filing. When more than one action is indicated a separate fee will be charged for each one. They each have a unique filing number assigned and they are tied to the original filing. If the UCC financing statement and the CNS financing statement were filed together and given one filing number, all amendments, updates, assignments, subordinations, and releases submitted for either of them must affect both of them. A termination of the UCC filing will automatically terminate the CNS filing as well.
- F. **CHANGE INFORMATION:** This space is used to describe specific changes being made to the original filing. If making an assignment be sure to provide the name of the Secured Party who is making the assignment and complete name, address, and telephone number of the assignee. The SSN/TIN of the assignee is optional. In addition if there is a partial assignment clearly specify the collateral being assigned. When making a release be specific as to the originally listed collateral being released. If adding a debtor check individual or organization. When adding a debtor that is an organization the additional debtor information fields must be completed. If you are amending names of a debtor, secured party or assignee be sure to provide the original information or as previously amended and the new information. If this is to give notice of a subordination identify subordination agreement by date and its parties. If not all collateral is being subordinated clearly identify collateral affected.
- G. Insert name of secured party of record authorizing the amendment.
- H. **SIGNATURES: If filing refers to a CNS filing signatures of both the debtor and secured party are required. If filing is a CNS termination or continuation, only the secured party has to sign.** UCC filings do not require signatures.

RETURN ACKNOWLEDGEMENT COPY: Complete to whom acknowledgement copy should be sent.
