INSTRUCTIONS AND CLASSIFICATION OF GOODS FOR REGISTRATION OF A TRADEMARK

Chapter 6-2 of the General Laws of Rhode Island, 1956, as amended

INSTRUCTIONS

The application for the registration of a trademark must be accompanied by a filing fee of \$50.00. Make all money orders and checks payable to the Secretary of State.

Send a separate check for each application. This will prevent the return of multiple applications for correction.

All blanks, with the exception of blank #7, class number, are to be completed before the application will be accepted. If the class is not known, leave blank.

If the applicant is a partnership, union, corporation, or association, fill in the title or the official capacity of the person signing for such partnership, union, corporation or association.

Please staple or clip three (3) specimens or facsimiles of the mark with the application on 8 ½ x 11 inch paper. DO NOT GLUE OR TAPE. In a few instances where the mark is a spoken word, no specimens are possible. Please explain the absence of specimens or facsimiles when answering number 5.

NOTES

- (1) State here what applicant believes to be the essential features of the mark. If the manner of displaying the mark is not a feature of the mark, this may be so stated.
- (2) Section 6-2-9 provides for the promulgation of rules and regulations for the determination of classes of goods. The following general classes of goods are established for convenience of administration of this Chapter but not to limit or extend the applicant's or registrant's rights. A single application for registration of a mark may include any or all goods upon which the mark is actually being used and which are comprised in a single class. In no event shall a single application include goods upon which the mark is being used and which fall within different classes.

CLASSIFICATION OF GOODS

1. Chemical products used in industry, science, photography, agriculture, horticulture, forestry; artificial and synthetic resins; plastics in the form of powders, liquids or pastes, for industrial use; manures (natural and artificial); fire extinguishing compositions; tempering substances and chemical preparations for soldering; chemical substances for preserving foodstuffs; tanning substances; adhesive substances used in industry.
