### **What Every Federal Grand Jury Should Know**

#### **Jurisdictional Fraud, Part 1**

Congressional Quackery Exposed

Shows how, due to the people's ignorance, jurisdictional fraud is being perpetrated by the few against many.

Understand how by careful reading of Article III, Section 2, Clause 3, you will find the Title 18, 26 & 27 have no standing against the People of the several States.

#### **Jurisdictional Fraud, Part 2**

This show that United States (D.C.) is and can be only one territory, which makes Guam, Puerto Rico and others a de facto territories

Starting on one of the issues, Article III, Section 2, Clause 3:

**Clause 3:** The Trial [CONTROL] of all Crimes, except in Cases of Impeachment, shall [OBLIGATION – DUTY] be by Jury [Mandatory not a right, NO JUDGE]; and such Trial shall be held in the State where the said Crimes shall have been committed; but when not committed within any State, the Trial shall be at such Place or Places as the Congress may by Law have directed.

#### **CLOSER EXAMINATION OF ARTICLE III, SECTION 2, CLAUSE 3**

**QUESTION:** If a government is prohibited, as a matter of law, from determining “when” a trial may be held, can it determine “where” it may be held?

**QUESTION:** If a government is prohibited, as a matter of law, from determining “when” and “where” a trial may be held, can it determine “how” it may be held?

**QUESTION:** If a government is prohibited, as a matter of law, from determining “when”, “where” and “how” a trial may be held, can it hold a trial?

**QUESTION:** If a government cannot hold a trial, does it have the right to pass any law which, if broken, would require a trial to be held that it never, legally, hold?

By careful reading of Article III, Section 2, Clause 3, we find that this legal discovery blows Title 18, U.S. Code and any criminal part of Title 26 and 27 of the U.S. Code, virtually out of the water, for all people living or existing in the several States.

### **One more question**

**QUESTION:** If a government has no right to pass a law or laws that would require a trial that could not be legally held due to such prohibition, does it have the right to create or maintain any department or agency to impose its laws that it has no right to pass in the first place?

### **IRS Fraud Quick Insight Video**

This is not about if the contents lead to a constitutional question or not. No, the evidence you will see when carefully reviewed constitutes the common crime of fraud, which lead to ultimately to **THEFT BY DECEPTION**
