The Clause 11 TEST

INCORPORATED INTO THE
MAIN PLEADING,
WITH DEMAND TO TAKE JUDICIAL
NOTICE, INCORPORATED HEREWITH

THE COMMANDER IN CHIEF TEST AND THE CLAUSE 11 TEST:

Preface. … "**when** called into actual Service of the United States, the President shall be Commander in Chief of the Army and Navy of the United States, and of the Militia of the several States." Article II, Section 2, Clause 1 of the proposed Constitution for the proposed United States.

I. The following Two TESTS are Established to Provide A Clear Legal Lens Through Which To Look In Order To Understand The Lawless Acts of an Alleged Congress – NOT "Out of Control," For The Alleged Congress Has Never Yet Been **IN** Control;

II. The **Suppression** Of Mr. Founder James Madison's Knowledge About The "NO MATERIAL DEFECT" (No Imperfection) Reality of the Proposed Constitution And His Inability To Tell Any of the "Other" Alleged Founders About Just How Powerful The Proposed Constitution Actually Was – And Is – TOOK CARE OF THAT! – Bringing the Alleged Congress IN Control;

III. For Which Cause, The **War Mongering** alleged Founders, or **False Founders** (NOT to be confused with those True Founders whose hearts supported Truth, Freedom, and Common Law Justice For All), of the Proposed United States-Nation Engaged This Sadly Betrayed Hoped-For Nation In A Hopeless Charade That Could Never Lead To Peace, But Continued Its Blood Stained Future Down a Lawless Road Toward Its Own Eventual Destruction and Damnation (Or End of Progress).

IV. Sadly, With Great Remorse, We Find On The Pages That Follow, That Knowledge That Informs Us Of Just How No Proclaimed Creator Of This World Could Ever [Have] "Smile[d] On Us" - IF He Ever Did So - Again.

V. The Clause 15 Test Extends To Here, To These TESTS As Well.

VI. Regarding How The Clause 15 TEST Applies To The alleged President Of The alleged United States Central Government, the Concern For Collateral Attack By The Proposed United States Central Government Against The Governments – And The People In Support Thereof – Of The Several proposed States, Haunts Us, For We See Within It The Ever-Pointing Finger That Points To Us, Tapping Us Soundly On Our Chest-bone, Pointing Again To Our Faces, And A Voice Heard From Round About, Penetrating Each of Us, Saying,

"**Murderers**!" "**YOU Murderers, YOU**!"

VII. AND IT POINTS To **Each of Us**, And **Convicts Us**, For *We* Are Those Murderers Who Have Let All Of This Happen, That We Have Believed a Lie – In Order To Sustain The UnLawfulness – Of An Alleged Congress, Never "In Control" From Its Very First Day, An Alleged President, The First of Whom Was Badly Betrayed, Which – Alleged – Presidents Thereafter, Even If Unknowingly, Betrayed These Peoples and Their Governments, AGAIN And AGAIN.

VIII. AND IT POINTS To United States Judges, Some Proposed for their Valor In Truth, Most ALLEGED, A Very Few Being Basically Incorrupt, But More of Them Than Not - **Being So Corrupted For The Sake of Vainglory**, Betraying Their Trust With Each Allowance of Tyranny To Reign, Not Adhering Strictly To The Words, Their Orders, of the Proposed Constitution Itself, But Turning Its Lofty Pages Into Rubber, or Else Elastic, That It May Be Stretched This Way and That Way, With Every Act of "Policy," That Vile Anarchy of Putrid Monarchies, Too Spoiled To Their Own Self-Serving Ends To Give The Human Race, The Simple People Themselves, Frank Expressions of Its Meaning, Without Guile, and Without The Wicked Guile of Those That Came Before Them, Subjecting This Proposed Nation Onto A Course That Now Leads Us To Its Potential Bitter End.

IX. Such Is What This TEST, **Exhibited Before The Nations Of The World**, Reveals To Us, That We May **Know** That It Was No Accident That Has Lead Us This Far, Down To The Road of "NOT Peace," Down To The Road of "NEVER Peace," Or of Happiness, Where Weeping and

Wailing For Our Dead and Dying Children, Fighting On Foreign Battlefields, Is Too Oft' Heard, When They Should Have Been, … Should Be, … Fighting On – **No Battlefield At all**.

X. THIS TEST NOW BEGINS. BUT WHEN IT WILL END IS, BY THE ULTIMATE TRUTH OF IT, YET TO BE DETERMINED.

[I] We the People, have been greatly **Mislead** to believe, in these more recent years, that the President also becomes the Commander in Chief at the exact same moment that the same is sworn to be President – of the United States.

[II] We the People, have been greatly **Mislead** to believe that the President, even if there is no Declared War at all, if not at the exact moment of his "swearing in," will become the Commander in Chief at some time during his term in office.

[III] We the People, have been greatly **Mislead** to believe that the President, with no involvement of the Congress in its own limitation to **Declare** War (not pass a permanent law therefor), and thus not having been "**called** into actual Service" as "Commander in Chief," can Declare **his** own War, by declaring or calling it **his** own "Police Action," or **his** own Military Action, or whatever other like verbiage thereto, against whatever country **he** may choose.

[IV] We the People, have been greatly **Mislead** to believe that the President, *as though* "Commander in Chief," even though not having been "**called** into actual Service," has the authority to command naval personnel, anything from an E 1 Seaman to a Fleet Admiral.

[V] We the People, have been badly **Mislead** to believe that between the Congress and the President, even for the purposes of waging a War, we have the right, any right, to exist as a real nation – headquartered or fighting on foreign shores, or within the boundaries of foreign lands – in places that are not actually any of the Several States of the proposed United States-nation itself.

[VI] We the People, have been tragically **Mislead** to believe that, having any right for treaty involving "foreign countries," or "foreign states," giving rise to the concept of "foreign policy," means that we have the right, as a government – not as independent free people in commerce only, to actually be in other countries, even under the pretext of "helping them out," when such "states" or "countries" are "foreign" in both the geographical and the legal sense, not being any State(s) as a part of the proposed United States instead.

[VII] We the People, have been, to an awful degree, **Mislead** to believe that we have the right to become, at whatever whim of policy that we might desire to be, an Imperialistic nation, or a nation having the right to go a conquering, pillaging, and taking lands away from other nations by virtue of our conquering agenda, where there exists NOTHING in our own proposed Constitution that allows us to do so.

[VIII] We the People, have been terribly **Deceived** into believing that we have the RIGHT to be "over there," wherever we have a mind to choose to be, as long as we manage to concoct some excuse or alleged reason to make it so, when the most basic of reasoning from the word that the proposed Constitution for the United States, or us, or We the People, what should be our most non-religious (not irreligious) dominating, revered document for purposes of guiding us and leading us to where we ought to be, ought to want to be, for the sake of peace, and for the love of our loved ones themselves.

[IX] NONE OF THESE THINGS ARE WHAT WE OUGHT TO BE, OR OUGHT TO WANT TO BE, AS ARE EXPOSED AND LEGALLY REVEALED BY THESE TRUTHS THAT FOLLOW, INSTEAD.

> **I.** A Standing Army, in opposition to the purpose of Article I, Section 9, Clause 12, not the use of the [federal] Militia as provided for at Clauses 15 and 16 of said Section 8, of Article I, and the use of a "Commander in Chief," in violation of The Clause 18 TEST'S constraint upon Clause 11 of Section 8, Article I, in thus ***further*** **Violation** of **the**

Article II, Section 2, Clause 1 Mandate that the President be "**called** into actual Service" ***before*** being recognized as a "Commander In Chief" for ANY War purposes, constitutes the same conditions as a government engaged in the levying of War against such other governments, and thus goes precisely to the wording contained in Article III, Section 3, Clause 1, **defining** "**Treason**" as - the levying of War against "**them**" *rather than* "IT."

II. Thus, on a separate part of each of the real People's case, Partly connected to The Clause 15 TEST, AND TO The Clause 18 TEST, AND TO The Article III, Section 2, Clause 3 TEST, – we find that, as a part of the charge of **Jurisdiction Fraud** now waiting in the wings to be brought forward in its own procedural time, against the office of the alleged president of the proposed United States, a charge against the presidential claim, and the erroneous acknowledgment by the public at large that "it must be true," that he, the President, from the moment of his inauguration, becomes the "Commander in Chief," is to be exposed by the same charge for **Jurisdiction Fraud** (which likewise takes into account his, President's," acclaimed power to issue "Executive Orders"), for we find that U.S. presidents from, minimally, * Theodore Roosevelt to the current Barack Obama, have exercised an utterly **Non-Existent** – under the applied conditions – **Power**, finding further that (*see below):

III. Failing The Clause 18 TEST, The Clause 11 TEST "Power to declare War" **specifically**, not "military actions," not "police actions," etc., and not having the power to "**call** himself" (like not being able to try and judge oneself), the TEST for that office that we see at Article II, Section 2, Clause 1 **reveals** that the president of the proposed United States **only** becomes the "**commander in chief**" of the army, navy, and the Militia (and nothing else) "w h e n called into **actual** Service," which Legal Fact renders the historical act

by Theodore Roosevelt and the naval fleet (the Great White Fleet – December, 1907) as a **criminal extortion** of the Congress of that time, **just as today**, by these TESTS we find that alleged president Barack Obama (no personal disrespect meant by this legal disclosure) is **NOT** the Commander in Chief at this time, as certain older Generals have indicated in their own words, "the notion that the president is at all times commander in chief is a relatively new idea," gives credence to each plaintiff party's, being joined hereto, of the charge that the United States central government as a whole is being sued for its **Jurisdiction Fraud**, and certain elements for its **Seeded Treason**, and that this is **not** about judges alone being sued for being unwittingly subjected to Tyranny in this case.

IV. Continued as an **ILLEGAL** Presidential Practice by alleged President Harry S. Truman in his commencing the **Illegal** "U.S." Invasion of North Korea in 1950, being done without being "**Called** Into Actual Service" – **by** the Congress and thus without its **required official** permission, demonstrates the Utter Legal Wickedness (for unlawful, illegal wars are ***always*** utterly wicked) of the Abuse of Process ***by*** Denial of Constitutional Process, **Fraudulent Use** of Alleged Power and Authority Not Granted, which use of such Not Granted Power and Authority, under a claim of supporting "human rights" (as "to save the South Koreans from the Communist North Koreans") represents the Same Slipshod Practices of the alleged Congress of March 4, 1789 in its accepting the illegal directions from the Continental Congress (see **The Nation That Never Was** Exhibited Expose), brought about by the **Unlawful** Second Session of September 17, 1787, whose -"by the seat of their pants"- recklessness has cost the trusting People provided for in the proposed Constitution's Preamble their **rightful** legacy to an impure history, the saving of which will be difficult and dangerous at the very least, if it is to be saved at all.

V. Showing, once again, that this TEST reaches to ***far greater*** **levels** than just addressing the **Jurisdiction Fraud** of 1789 as well as the vile resulting act of 1944, encoded into alleged "U.S." law on January 1, 1945, the date of **Seeded Treason**, to be regarded as yet ***another day in infamy***, but by acts by alleged presidents which have placed our States Militias – not even in The Clause 15 TEST *capacity* of being made part of the Militia of Title 10, U.S. Code, Section 311, and also not for the purpose for which The Clause 11 TEST army was to be established as taken from parts of those State Militias – into ***foreign*** Nation-states where the Constrained Powers of the Militia cannot be, and are not, employed – to be able to "suppress insurrections and repel invasions," being Defense Powers and NOT Imperial Offense Powers at all.

XI. THE "GREAT WHITE FLEET" "COMMANDER IN CHIEF" BULLY & EXTORTION CORRUPTION.

1. NOT BEING "CALLED" INTO "ACTUAL SERVICE" IN ORDER TO BE CONSTITUTIONALLY RECOGNIZED AS "the Commander in Chief," Having NO Authority – as an Actual Commander In Chief – to order even an **E1** of any military force, including the Clause 13 Navy, But, So as To Show **Japan** the alleged United States central government's Naval Military Power, or "Muscle," to show Japan that the US Navy could shift from the Atlantic to the Pacific – for Invasion Attack Purposes – At Any Time, **alleged** president Theodore Roosevelt ordered the "Great White Fleet" to sail around the world;

2. Threatening the Congress that he could, and perhaps would, leave the entire naval fleet on the other side of the world if the Congress did not go along with his plan, constituting, thus, an Illegal **Act** of **Extortion**, of **Power Fraud**, and of **Contempt of Constitution** of the Highest Order, **The Not-Great Bully** of the Twentieth Century, "Bully" T. Roosevelt, paved the way for other alleged Presidents to follow suit and do likewise, "justifying" the extension of "U.S. standing armies" to

other parts of the world under the **Guise** (or Lie or Deception or Fraud) of Lawful Treaties (see The Treaties TEST within The Republican Form of Government TEST), which "standing" "armies," being made – routinely – to ingress, or enter, into foreign nations to stand and encroach upon the same therein, became the "United States" **bully armies** of **Bully** Theodore Roosevelt (hereafter referred to as the **Roosevelt-Bully Armies** or else the **U.S. Bully Armies of the world**), which Act of Extortion, as both a matter of fact and a matter of law, inclusive of the Common Law, was prosecutable for the actual Crime that it was, irrespective of the fact that it was not done so under the excuse of "political nobility," such as that also existing as Contempt of Constitution, even though against an alleged president of the proposed United States.

3. Bullies, especially Bully [alleged] Presidents, often get their way, irrespective of either right or truth to do so, because of the great and expansive lack of knowledge of the actual interactions, powers, and controls, of the proposed United States Constitution, such as were taken to the grave of Mr. Founder James Madison, not the least of which is The Clause 18 TEST; The Article III, Section 2, Clause 3 TEST; The Clause 15 TEST; The Republican Form of Government TEST (containing The Treaties TEST therein); and this, these TESTS, being The Commander In Chief TEST , inclusive of The Clause 11 TEST herewith.

4. Incorporating any authority that the alleged Congress could have under Clause 11 of Section 8, Article I, by way of its use of Clause 12 of Section 8, Article I, since it would be necessary to make up the "army" by way of the induction of members of "the Militia" as provided for at Clause 15 of Section 8, Article I, which "the Militia" was and is to be made up of members of States' Militias as provided for at Clause 16 of Section 8, Article I, we find that even the "army" provided for at said Clause 12, in its ultimate power to wage a war, must rely upon the powers contained in Clause 15 of Section 8, Article I as to its own **ability of power** ***granted*** it to do so.

XII. IMPERIALISTIC WAR POWERS / THE CLAUSE 11 TEST.

[I] To illustrate the inherent Constraints imposed upon the Congress by Clause 11, of Section 8, Article I, let us suppose that the Constitution, as it was willed to be empowered by the proposed Constitution's Framers, ***granted*** the Congress the Power to establish an army – of girl scouts, and the **Power** of such army was and is to bake cookies. **In the event** that the Congress, having the Power granted it to make War, did so, question; – upon **what form of** "military" **power** would it ***thus*** be em**powered** to make War ***with***? The answer, as foolish or unintelligent as it *might* sound, would be to hold a "cookie bakeoff," and let the most or the best assortment of cookies be proclaimed the winner of **the** War!

[II] This analogy is not provided to create a claim for jest or humor, for **WAR** is too horrible and vicious a series of tragedies for that, but to help the courts, the people, and their governments, to come to understand the true limitations that the Constitution placed upon its **central government** in its usage of the Clause 11 Power to declare War, **limited** to the kind of **Power** *for* military operations that we see specifically at Clause 15, of Article I, Section 8, and not otherwise.

[III]In confirming this analogy as being sound in its perception, the question must be asked, **and** the answer given; Question: Does it, Clause 11, rely, necessarily, upon the kind of Power that its prescribed Clause 12 army, which derives its own being from being established from among those people of the States which make up "the [federal] Militia," derived from the States' Militias to begin with, has for the purpose of making war?

[IV] The Answer to this would be in the affirmative. The Congress must look to the kind of military Power that it has been given in order to determine upon what basis it might declare any War. In doing so, it is found, and must be found, that the only Two (2) Powers that were actually, visibly, given or granted, were, and are, for defending against Insurrections and Invasions. *Neither* of these Two (2) Powers are IMPERIALISTIC in their nature**.**

[V] We find further that a propensity of commit Imperialistic War(s) on the high Seas was **not granted** the Congress, not even by the use of the Clause 13 Navy, for its own ability to do so, in order to successfully penetrate any land or nation with its forces, would necessarily rely upon the "United States Marine Corp," but that consideration **FAILS** Also, altogether, in the face of certain required TESTS, as we find out the following:

1. As we examine Clause 13 of Section 8, in regards to the granting Power to establish a United States Navy, we find that, except for protecting all of our ships of peace from attacks upon the waters, the Navy was not particularly designed to take alleged War efforts into other nations, or that is, past their shorelines. In order to do any such thing, it would require an ocean to internal land assault force, such as *might* be represented by a "Marine Corp."

II. On September 17, 1787, the date that the Constitution for the United States was proposed for the Union of the Several States, **NO** "**Marine Corp**" **existed**, either within the provisions of the said Constitution itself, or as a matter of fact, or as ipso facto, on behalf of any of the Several States themselves. The Clause 18 TEST is to be applied from this point forward.

III. The **Continental Marines** were the Marine force of the American Colonies during American Revolutionary War. The "corps" was formed by the Continental Congress on November 10, 1775 and was **officially disbanded** in **1783**, **four** (4) **years before** the New Government of the proposed United States, under its proposed Constitution, was to be formed. The "Continental Marines" mission was multi-purpose, but ***their most important duty*** was to serve as on-board security forces, protecting the Captain of **a** ship *and his officers*. During naval engagements Marine sharpshooters were stationed in the fighting tops of the ships' masts, and were supposed to shoot the opponent's officers, naval gunners, and helmsmen. This was not a ship to internal land assault military power, but ship's personnel **defense** power only.

IV. The Marines were used (to Protect the Captain, and other Sailor-Officers in accompaniment thereto, in their, Sailors, engagement) to conduct (**sea**-**port** limited) amphibious landings and raids during the American Revolution.

V. The United States central government's **FRAUD** of establishing a military power that was **NOT** Included **in** Article II, Section 2, Clause 1 itself **on** September 17, 1787, under the **false claim** of "reestablishing," was effectuated by the use of Clever Wording in its **alleged** "federal law," by its Claim that:

> "Thus in ***1798** the **US Marine Corp** was officially launched." … and
> "On July 11, **1798** the **US Marine Corp** was '**reinstated**.'"
>
> ***(# 1)** NOT in "1787" when the proposed Constitution provided for the Only 3 (three) forms of military existence that was to be considered as Legal, the Navy – ONLY; the Temporary or Not Permanent Army - its members being from the different State Militias – but ***able to serve outside*** of their home States, in another [new] State **of** the Several States needing Temporary Protection for up to 2 years; and the Militia, made up of the different State Militias.
>
> ***(# 2)** Thus, while members of a State Militia, being trained to defend their own State's local State-areas only, not the areas of another State not known to them, coming, as the [federal] Militia, under the authority of the called upon Commander In Chief, NOT the "President," to be ordered to act in unison with the defense strategies engaged in by State Militias' parts, serving within the [federal] Militia, the members of a State's Militia, when inducted into the (temporary, or 2-year) Army, could be, upon their induction, trained for other States and ordered into them, in order to provide increased militia/ militia strength in such other States' areas in need of them, for Defensive War Purposes ONLY, Not perceived to be likely to last beyond a 2 year period of time, until the insurrection be suppressed or the

invasion be repelled, returning the Temporary Soldiers to their home States, from which they were Temporarily Taken.

***(# 3)** Such as this was, and is, the actual purpose of the use of the word "Armies" at Clause 12, Section 8, Article I, and "Army" at Article II, Section 2, Clause 1, and its relationship to "the ["federal"] Militia" of Clause 15, Section 8, Article I and the aforementioned Clause 1 of Section 2, Article II, was given No more power or authority to engage in any "imperialistic" or war-aggression acts than was the Militia itself, as seen at Clause 15 of Section 8, Article I, and as revealed as to Its, Militia's, Purpose by The Clause 15 TEST itself.

V1. Under contract law, ***inclusive*** of Sovereign Contract Law, there is no such thing as saying, after the Contract has been signed or ratified, requiring a ¾ majority of those Powers represented thereby to approve a proposed change of it, **"**Oops, we **forgot** to include this or that. Let us do it now, outside of all obligatory procedures of Due Process to do so, because 'we **forgot**,' but it's what we want **now**, so let's just do it/claim it to be the way we want it to be from here on out**."** Such conduct most, if not all, courts of law would abolish as spurious and illegal - without blinking.

V11. **NO** 'CLAUSE 18 TEST POWER, or **Any *Other*** INCLUDED TEST POWER **IN** THE PROPOSED CONSTITUTION, has **ever** Existed to allow the United States Congress to "**reinstate**," *as it were*, any military force that:

{1} Was **Officially Disbanded 4 Years before** the proposed United States-nation even got PROPOSED to *exist*, and even more than 4 Years before its character ***as though any*** nation ever began to emerge;

{2} Was not Expressly Included within any of the Texts that pertain to any existence of military Powers, **either** at Clauses 12 and 13 of Section 8, Article I, **or** at Article II, Section 2,

Clause 1 (the word "**Implied**" goes to ***that*** which is Necessary – from a ***grammatical*** standpoint **ONLY**);

{3} Was Designed, long after the Legal Fact (dated September 17, 1787), to utilize an **Imperialistic Power** **not available** to the Congress by use of its **Two** (2) **Limited Powers** found at Clause 15, of Section 8, Article I, in order that the United States central government might cause the Several States to support its own agenda to Invade Foreign Nations, **as it did**, therefore, Unlawfully and Illegally, in the Mexican American **War** of 1846, and thereafter.

VIII. Therefore, while it is ***Claimed*** that the U.S. Marine Corps is the "oldest of the U.S. military services," the **Truth discovered is** that it was and is contained in **No** Part of either Article I, Section 8, Clauses 12 and/or 13, and was likewise **Not included as a power** of the "Commander in Chief" (but **not** the President) at Article II, Section 2, Clause 1, and therefore **FAILS**, Altogether, not only The Clause 18 Test, but likewise **FAILS**, Utterly, the particular TEST found within said Article II, Section 2, Clause 1 itself, and has **Never** been established, by way of *required* Constitutional Amendment, to be made a part of the military powers for the United States, in order that the said United States might be able to be recognized as having any right at all to be an Imperialistic Government, as this Exhibit proves that it is NOT, and was NEVER meant to be.

IX. Accordingly, we find that the ONLY Lawful Right that the United States has, or ever had, whatsoever, to officially be in any other country or nation in *any* military/unlawful war sense, is where and when any such foreign nation has become a part of the United States as provided for at Article IV, Section 3, Clause 1 and as required of it by Article IV, Section 4, whereupon, having the rights under the proposed Constitution for the United States as well as any other State thereof, and in compliance to all requisites found at Article I, Sections 11, 12, 13, 15, and 16, and at Article II, Section 2, Clause 1, the United States central government would

have all instant Rights to extend such protections unto the same, as a lawful State of the United States, and not otherwise, except that by so doing, it be found UnConstitutional to do so in the final TEST for Propensity Fraud itself.

X. This TEST to prove against the alleged Power for the United States central government, or any of the several States in conjunction or concert with it, to be employed as ***any*** Imperialist Government, capable of waging Any War NOT as a result of its, United States,' first having been attacked by some definite means, is also found within the Constitution's particular wording of Article II, Section 2, Clause 1, wherein it states that "The President shall be Commander in Chief of the Army and Navy, and of the Militia *of the several States*, ***when*** called into the **actual Service** of the United States," establishing the **Truth** as it pertains to another long "gotten away with" Jurisdiction Fraud and Power Fraud by the United States central government, the claim that the President is made ***automatically*** the "Commander in Chief" upon the occasion of being sworn in as President, when according to Article II, Section 2, Clause 1 this is exactly **NOT** the case at all;

XI. Which military fact otherwise, having been recognized by certain U.S. army generals as having been a rather more recent idea, is reinforced by the fact, the question, of who would be required to **CALL** the President to be the "Commander in Chief," and WHERE would that Power to Be "Called" be found, which would not FAIL, Entirely, The Clause 18 TEST itself?

XII. Since it would not be within any framework of either law or sane logic to conclude that one may "Call himself/herself" as though talking to oneself in doing so, we conclude, with all reasonableness, that the Call for actual Service" must come from the Congress alone, by the use of its own particular Power found at Clause 11, of Section 8, Article I, to "declare War," the expressly granted provision for which, War, does not include, and does not go to, "police actions, "military actions, "hostile activities," and so forth, nor can the Congress transfer its War declaring Power to the

President for the same reason as aforestated, that to do so would grant the President the Power to "talk to himself" in order to "call [himself] into actual Service," which act for insanity can, under no pretext, be sustained as any matter of law.

XIII. Thus, irrespective of any long-erroneous **mis-belief**, that the President is simply the Commander in Chief at the time of "inauguration," it simply being not so, the particular wording at Article II, Section 2, Clause 1 combined with the Constraints put upon the Congress at Clauses 11 and 15 of Section 8, Article I, established to a conclusive presumption level or degree that the United States central government, and no proposed State along with it, has the right to consider itself to be an "Imperialistic Nation" whatsoever, rendering ALL Imperialistic or Invasive acts of War by it to be UnConstitution[al];

XIV. **Ruling out** the ONLY part of the military forces of the United States central government that – having been mis-claimed to be a "reinstated" part of the Clause 13 Navy – has been regarded ***as though*** a true Imperialist or First Attack type of military power, or the **De Facto** United States Marine Corp, we find, ***conclusively***, that the Mexican American War of 1846 was an **Illegally Fought War**, **Entirely**, however, there are yet Other fundamental reasons that this Exhibit Exposes that proves that 1846 act(s) by the United States central government to be an Act of **Jurisdiction Fraud** – as well as **Power Fraud**, without dispute of the FACTS so provided, here within this Exhibit.

XIII. 1. The Clause 15 States' "Repel Invasions" Power Extended. There are unique, but limited, times when the "repel[ling] of invasions" may be extended beyond the borders of the proposed United States, but such an extension, when necessary, even though it is said that the best defense may, at times, be a good offense, is not in any sense to be posed as an act of aggression for aggression's sake.

2. For it would be undeniably gross defense error to view an enemy just across a river where the enemy, while not yet having fired upon a peaceful nation and its people, was engaged in the acts of

building and aiming bombs and other instruments of death and destruction, it being noted that upon the face of those aimed bombs and other war devices – aimed toward the shores of the peaceful nation – was the inscribed name of that peaceful nation, so that it would be a vicious pretense to hold or claim that such act(s) constituted no intent to signal an opening attack upon the peaceful nation by the warring nation, it only requiring time and its impending determination to do so, which determination, once commenced, promised the potential for the blood of the peaceful nation to be shed as a result of the pending, intended deadly assault.

3. **Attack by Practice and Pattern**. As shown in the scenario above, there are times when it can be seen that a nation's exercise of its power to make war comes to exist as an Attack by Practice and Pattern, and when that Intent of that Patterned Attack is made openly known toward a peaceful nation, the right of that peaceful nation to shore up its own defense, even if such defense requires that it first attack its clearly and "telegraphed intent" intended attacker, cannot be ignored or taken lightly.

4. However, this recognition does not in any way contribute to or grant a commission of blessing or authority to suddenly see in any other country, whether a neighboring or far-off country, an excuse to declare war as a pretext in defending itself; the vision of the one nation must be the vision of all nations who see within each separate nation respectively.

5. Such a limited condition as this, not granting or endorsing an aggression of war for the sake of aggression, was perceived to have taken place prior to the culmination and beginning of "World War I" when it was noted by the proposed United States, which notation when published abroad was sustained sufficiently by the Republican States, that the warmongering hierarchy of the German empire of that time was determined any nation's hapless ships that it came in close contact with, which assuredly could have included United States ships, both naval and civil ones carrying commerce and passengers, whose lives and blood would have the right of protection by those same Republican States of

the proposed United States, the same on the high seas as within the borders of the proposed United States-nation itself.

6. Such Intended War Attack by pattern and practice was stipulated to by it unknowingly alleged, not without reasonable honor, president prior to the beginning of such first Worldwide War, stating that the world-sweeping German navy:

> "made no distinction between aggressor and victim, treating both equally as 'belligerents'; and they [German war ships] limited the US government's ability to aid Britain against Nazi Germany."

7. By which the proposed United States-nation, as an invasion repelling extension duly, even if uniquely, coming under the scope of The Clause 15 TEST, entered into the first Worldwide War against Germany and its allies, in order to prevent those bombs and other devices of war, potentially carrying its name upon them, from being wielded against its people, forcing them, People, to defend themselves and their homes to a degree that would not have been necessary if their Patterned Attacker(s) were first attacked where their attacks were first conceived, in their own lands and in their own homes, till they, the enemy, should Willingly Attack – either openly or by Intent by Pattern and Practice – No More.

8. Therefore, this form of limited extended involvement in war brings with it an irremovably embedded obligation to fully and completely put stops, and a STOP, to every aspect of such a war the moment, not the day, month, or year, that it has been determined by sufficient Republican Authorities that the said war, to its most limited degree, is over, not to be interpreted by the never-ending precept that it is to be "finished" at the same time.

9. That is to also say that - Outside of the matter of Direct, Actual Attack, where no Practice and Pattern Attack either Exists or Persists, **No Right to Declare War**, **or to Continue It**, War, **Exists** ***or*** **Persists** either . . . !

10. **The Purpose of Direction and The Direction of Purpose of a War.** The purpose of the direction of a War, and therefore the direction of its purpose, is that it be directed at specific offenders – Not everywhere else. As a Republican Form of Government standard, where that standard is inherently denied imperialism as a common cause thereof, It Can Never Be Justified to propose that a war be used as an excuse to maintain troops or other forces after the specific war is over, nor can acclaimed suspicion that the defeated offender need be watched over be maintained as the excuse to deposit or deport a nation's troops everywhere except where such nation's troops belong, at home.

11. **"Excuse," Not Reason**. **An Excuse is a Sham**, **a Sham is Lie, a Lie is a Fraud**, and a Fraud Against Nations **Violates** the **Law** of Nations that Every Nation be Respected Independently from All Others, and Left Unharmed where there is No Apparent Affront Committed By A Nation Against Any Other Nation.

12. These things taken into account, it becomes inevitably clear that not only is the current or previous alleged president of the alleged United States central government **NOT** the "commander in chief" at all times, or at any time when not [actually-Clause 11] called into actual Service, but that the deployment of troops or naval forces from within the Several States of the proposed United States-nation, where no actual war can be lawfully continued, IS a Complete Violation of (1) The Clause 15 TEST; (2) The Clause 11 – Declaration [Only] of War TEST; and (3) The Article II, Section 2, Clause 1 – Actual Call To Service TEST, and a Contempt of Constitution to the Tyrannical Malicious Degree (see The Article VI, Clause 2 Contempt of Constitution TEST), All Underwritten By The Clause 18 TEST, **Without Revocable Recourse**.

13. Without the Right to Declare War, or to Continue War already Officially – AND Lawfully – Underway (the **Excuse** to Declare or Continue War, or **Claim** to Declare a "Police Action," or "Military Action," etc., being **Contempt of Constitution** of the Highest Degree), there can Exist **NO** "Commander In Chief," either from any proposed or

claimed point of "outset" of any Military or Combative Action Paralleling or Simulating War or War Conditions, or for any Purpose or Condition that gives, *even the Appearance of War* as though such War, "Lawfully" Declared, had not/has not ended.

14. **Unlawfully Declared War/Unlawful War – NO Right To**. There Exists, By Anyone, NO Right, or Right of Claim of Law, to Engage In, Operate, Perform Services For, or Promote an Unlawfully Declared War, NOR Does There Exist, By Anyone, ANY Right to Engage In or Continue In Any Unlawful, Patently Obvious Illegal War.

15. No President, as a President Only, whether being de jure or de facto, has the Right to Engage In or Perform Acts of War or Acts Supporting Any War, Anywhere in the World, NOR Is a President - NOT Actually CALLED (Denying All Self-Calling or Other Non-Congressional Calling as being Illegal Pretext Calling Only) Into Actual Service - a Commander in Chief of any armed Force(s), either of any Clause 12 Army (the [standing] Army Unlawful Practice Denied) or Clause 13 Navy Force, or of any State or proposed United States Militia Force, No Matter the Errant and Illegal Practices of Bully Theodore Roosevelt and Like alleged Presidents of the Past.

16. Where a President has engaged in the UnLawful, or UnConstitution[al] Contempt of Constitution Conduct of acting or claiming to be a "Commander in Chief and has thereby deployed either or both troops or naval personnel and forces – to anywhere, such troops and naval personnel and forces are inherently mandated against such a Public Fraud to be returned forthwith to the places wherein they had domicile or resided before such illegal "Commander in Chief" orders were given.

17. This Legal and Prevailing Constitution[al] Fact is **SEALED** against All Wars and against the Peace of the World – Bygone Due to such Tyrannical Malicious Contempt of Constitution **Corruption** – Forevermore.

XIV. NOTICE UNTO ALL DE JURE NATIONS, KINGDOMS, AND GOVERNMENTS OF THE WORLD, UNTO THE MANY OF THEM, KNOW YE THIS:

[I] Consider Now This TESTIMONIAL as to the Same Being TRUE, that Alleged President George Washington, By the Evidence Adduced, KNEW, Prior to his own death, that he had been BETRAYED In Rotten, he having "ceded" or contributed his own plantation land in Virginia to "the Seat of the Government," afore-referenced to, as an actual part of the "ten Miles square" wherein the Seat of the Government was to have been "Clause 17" located (see the map of "Washington, D.C." of that time), becoming the location of "the Alexandria County Corruption of 1800" instead, and therefore petitioned and demanded that it be returned to him and his own estate, which, due to the final recognition by the alleged Congress of later times, was returned to the State of Virginia in 1846;

[II] The Alexandria County Corruption having been a partnered part of the Washington County Corruption for the Same Reason, to HIDE Mr. Founder James Madison's reference to the State County (no "federal County or Counties" being provided for or presumed to exist) in his June 8, 1789 presentment of the Bill of Rights, the first presentment thereof, before the alleged Congress, to COVER UP the reference to "district" in the proposed Sixth Amendment as being a State / State's District ONLY, by Which 2 (two) Counties of Alexandria and Washington it became an 1833 "Barron v. Baltimore" Pretended Possibility, or Corruption, that the Sixth Amendment could in fact only be for the alleged United States central government, as therefore not being for any of the Several States at all, the said Two (2) Counties being Insufficient to Comply with the June 8, 1789, "House of Representatives" Record at Paragraphs 28 & 29 Description by Mr. Founder Madison, in order to HIDE the Intentional Jurisdiction Fraud committed by the alleged Congress, or by

illegally acting parties thereto, of 1800, and Continued Thereafter;

[III] The Further Purpose of Corruption and Fraud Committed BY the alleged United States central government being to HIDE and COVER UP the Legal Fact that the alleged United States central government was to only have ONE (1) Territory, as it was to be Constrained to Have by Article IV, Section 4, Clause 3 of the proposed Constitution for the proposed United States, the Two NAMED Counties, aforementioned, Being So Created and Named in order to Avoid and HIDE the Inherent Responsibility (Purpose connected to Purpose) of Naming the Actual One Territory Referred to and Constrained to as "the Territory," the Naming of Which - such as being named "the Territory of Washington," within which the / "such District of Columbia" was to be located - Would have Served to Immediately Alert ALL that neither the proposed United States-nation nor the alleged United States central government was, without first an Amendment to allow for same, Ever Allowed or To Be Allowed ANY Other – Even Claim – For a Territory More Than or Beyond the Solemn and Singular ONE, with the Certain Ability to Stop ANY and Every Additional One that Corruption might attempt to portray or impose upon the People and their State Governments, ever after.

XV. NOTICE AGAIN UNTO ALL DE JURE NATIONS, KINGDOMS, AND GOVERNMENTS OF THE WORLD, UNTO THE MANY OF THEM, KNOW YE THIS:

[I] From alleged President George Washington to alleged President Barak Obama, and potentially beyond if applicable, none of them have ever, under The Article II, Section 2, Clause 1 TEST existed as any "Commander in Chief" of any military or militia force whatsoever EXCEPT where the same was Called into Actual Service in that specific capacity either under Clause 11 of Section 8, Article I, or else – at the Actual Request of one or more of the Several States –

under Article IV, Section 4, Or EXCEPT by way of Power Fraud, and Corruption of Constitution, AND by Contempt of Constitution - at the Highest Level thereof.

[II] Concluding Further, By All Things Considered or To Be Considered:

[III] As per those Truths Exhibited in The Nation That Never Was Expose in accompaniment herewith, alleged President George Washington was never President of the alleged United States central government, nor of the proposed United States-nation itself (see the Exhibited Edition of The Nation That Never Was as it refers to where the "Seat of the Government," according to Clause 17 of Section 8, Article I – "To the … [up to] ten Miles square … Seat of the Government of the United States" and according to the Truth Uncovered from Clause 3 of Section 1, Article II – "the ... Votes for "the President were to be] transmit[ed] sealed to the Seat of the Government of the United States," NOT EVER to "26 Wall Street, New York, New York," the same NEVER being "the Seat of the Government of the United States as was designated and provided for at and under Clause 17, of Section 8, of Article I of the proposed Constitution for the United States – of America, such Corruption being done by the Continental Congress, the same having corrupted, alleged Congress of March 4, 1789;

[IV] March 4, 1789 NOW TO BE JUDGED a Day of Ignoble Dishonor, to be regarded and adjudged so as being when The Great Hoax of The De facto Nation, among the De jure Nations of the World, first came to exist and perpetrate its Continued Impostership upon an Unsuspecting and Hapless World At Large;

[V] April 30, 1789 NOW TO BE JUDGED a Day of Betrayal of an Honorable Man and the Deceit and Betrayal of a Desiring to Be Nation, the Day when the Honorable George Washington, Without Unlawful "Seat of the Government"

Opened Votes There-for, Became NOT the First President of the Proposed United States, the Nation That Never Was (see the Exhibited Expose – The Nation That Never Was), Done Unto All by the New York Political Corruption of that Day, Yielding No Additional Presidents of the proposed United States thereafter, except as De facto Presidents thereof, From That Time Forward Unto This Time, Extended to the Present, Honorable Barack Obama, As With George Washington NOT Being a De jure President of the Proposed United States and NOT Being the Clause 1, Section 2, Article II "Commander in Chief" at Any Time, Having No Lawful Authority to Command and Direct Troops, At Any Time, to Anywhere, to Do Anything;

[VI] Not Dishonoring Those, From George Washington to Barak Obama, Who BELIEVED Their Presidential Office To Be True and Not Unlawful For That Cause Alone;

[VII] But No Longer Sustaining Them in That Capacity FOR EVERY LAWFUL, AND NOW LEGAL, REASON; the Charade Is Up, and The "10 Miles Square" converted, 1846, to the 6 ½ Miles Square Truth Serving as an Attestment to the Betrayal of George Washington as Alleged President, Extending Said Attestment as an ATTESTMENT Unto All Others, Forever Hereafter.

[VIII] THEREFORE, to the same extent as George Washington Was Never a Lawful President of a Lawfully Existing [here as proposed] United States, NEITHER WERE OR ARE, AT ANY TIME, alleged Presidents John Adams through alleged President Barack Obama, and beyond – if the same should be made any continued event – the lawful -(and therefore legal)- President(s) of *either* the proposed United States-nation or of the alleged United States central government itself.

XVI. THE ARMY RESERVE, EXISTING AS CLAUSE 12 ABUSE.

1. The creation of the "Army Reserve" is a direct affront and violation of The Clause 12 TEST, involving Section 8 of Article I, for it arises as indisputable that the very proposal of the word "Reserve" exposes the Intent, by the Defendant alleged United States central government's alleged Congress, to disrespect the purpose of a maximum 2 year obligation – without an actual declared War to base any such "Reserve" upon, including any claim to extend any existence of the Army itself beyond that maximum of 2 years that "the Army" was to be allowed to exist.

2. Not Only does the creation of an "Army Reserve" violate The Clause 12 TEST and The Clause 11 TEST, but it violates The Clause 18 TEST itself as well, for if we were to petition for an answer requiring to be shown just where the term "Army reserve" is found before or after Clause 18, we would find it impossible to locate such a concept in the proposed Constitution at all.

3. IT IS TO BE UNDERSTOOD AND REALIZED THAT there is a Distinct Difference between an Army, made to be a "standing Army," and an Army that has been called into "actual Service" (compare to Article II, Section 2, Clause 1) to Directly Protect – at Actual Needed Times Only - the People of the Several States –(for –[irrevocable fact]- the "Clause 12" Army was NOT – By or Under the proposed United States Constitution – established to Protect any other nation of the world than the one that the proposed Constitution was written and ordained for)– where such People, in their Several States, do in fact reside and have domicile, but which Protection of such residences and domiciles were meant to be rendered by those same at-home, non-unnecessary tax absorbing forces that protected the 1776 same known as "the Militia" (Article II, Section 2, Clause 1; Article I, Section 8, Clauses 15 & 16; the Second Amendment and the Fifth Amendment), partially comprised of Militias from the Several States themselves.

4. ACCORDINGLY, there, even under the Pretext or Color of "Standing Army" and not 2-Year "Armies," deliberately manipulated to exceed the "two Years" limitation to be imposed upon any "Clause 12" Periodic Army (represented in Clause 12 as "Armies") for which the Several States (NOT the United States central government itself) MIGHT have Need Of, or NOT.

5. Concluding Lawfully That … KNOWING that the concept of the Periodic Army, to exist ONLY when Actually Called For – by way of a Clause 11 Declaration of War, and by No Other Procedure than This, … this means that Every Army (each Army existing beyond the Clause 12 two (2) year limitation has existed, in effect, as though "Armies") that has been maintained where No Actual Declaration of War has existed, WHERE either a State or a "federal" Militia was sufficiently developed to Serve the People of the Several States, and Each of Them, has Existed as Contempt of Constitution of the Highest Degree, such Degree being such because its having placed the Blood of the People, Maintained in such Standing Army rather than an Periodic Army, at Risk;

6. And where such Illegally Aspired To "Standing Army," NEVER having been Clause 12 meant to be such, has been used to Stand In Other Nations, ANY OF THEM, such Contempt of Constitution as a Crime against the Sovereign Republic of People of the proposed United States, Exists Also as a Crime at Another Level or Degree going to Contempt of Constitution against the Constitution of the Earth (see Clause 10, Section 8, Article I – "Law of Nations"), and Demands that Every Form of Army or Military Force that has been Made to Stand or Invade Any Other Nation as though there existed Any Right for a Standing Imperialistic Nation – BE EXTRACTED FROM AMONG THOSE NATIONS WHEREVER THEY BE FOUND, AND RETURNED TO THE LANDS OF THE SEVERAL STATES THAT FIRST WROUGHT THEM AND BOUGHT THEM, TO LEAVE THE NATIONS IN PEACE, THAT THE ROOSEVELT-BULLY ARMIES (INCLUSIVE OF THE ILLEGALLY POST 1787 ADDED MARINE CORP AND "AIR FORCE") MIGHT BE

APOLOGIZED FOR, AND DEFERRED TO THE CLAUSE 15 MILITIA IN ITS PLACE, NEVER TO BE ESTABLISHED AGAIN UNTIL AND UNLESS CALLED INTO ACTUAL SERVICE, IF EVER.

7. CONTEMPT OF CONSTITUTION OF THE CONSTITUTION FOR THE EARTH HAS BEEN COMMITTED BY THE ALLEGED UNITED STATES CENTRAL GOVERNMENT, AND NOTHING – IN THE WAY OF GRANDIOSA PROMOTIONS, COSTLY ADVERTISING CAMPAIGNS, EMBELLISHING THE PUBLIC, OR THE PEOPLE, WITH THE CLAIM FOR SENTIMENTAL TRADITIONS, TRADITIONS BORN ON AND OF GROSS CORRUPTIONS OF GOVERNMENT IN THE FIRST PLACE, TO SHOWS OF VAULTING POWER AND *SUPERFLUOUS* BRAVADO – CAN UNDO THE DAMAGES DONE TO THE MANY NATIONS OF THE EARTH - BY A DE FACTO NATION AMONG NATIONS (See The Nation That Never Was – Exhibited Expose) - WHO *TRUSTED* IT, BUT WERE INDISPUTABLY HARMED BY IT (BY POLITICALLY KEEPING THE WAR EFFORTS EVER ALIVE) NEVERTHELESS.

XVII. PLACE OF OPERATIONS OR FUNCTIONS OF "THE COMMANDER IN CHIEF" "WHEN' ACTUALLY "CALLED" INTO "ACTUAL SERVICE;"

1. **The Several States of the proposed United States-nation; - inclusive of any "New State which has been newly 'admitted' as a State - First having Standing as a State only and not as a territory, principality, or that which is not actually a State at the time of its admittance; - and inclusive of the Territory of Washington, in which the/such District of Columbia is located;**

2. **Any place upon, under, or directly above the waters, where the Clause 13, Article I, Section 8 Navy-Only, is lawfully, non-imperialistically authorized to be;**

3. Nowhere Else.

XVIII. EXECUTIVE ORDERS, THE UNLAWFUL TO ILLEGAL USE OF. EXECUTIVE ORDERS NOT POWER TO CIRCUMVENT "CALLED TO ACTUAL SERVICE" CONSTRAINT AS A MEANS OF ACTING IN CAPACITY OF COMMANDER IN CHIEF, NOT CALLED, BUT PRESUMED UPON.

1. The knowledge of the meaning of the term "executive" as being the official whose sole power is to "execute" the will of the legislative body of government is widely known, and is not subject to private interpretation; the language in which the term is couched belongs to the People, not to government for its own self-corrupting end, for their own supreme control over government, all three branches thereof.

2. **There is no such thing as an executive power that is simply unique to itself**; to execute a thing, the thing to be executed must be derived from a source outside of or independent of the actual executioner, or enforcer, thereof, for an executioner, or executive, has no innate power to create substance of his own for the purpose of executing the same; the executive is critically limited to the powers granted him and his very position orders him to obey the law itself that he is duty bound to uphold, except that he finds the law to be sustained to be in fundamental error, thus his true power, in the event that a law must be denied execution by him, **goes to the negative**, otherwise is positive power that goes only to the execution of that which is brought before him from the external, as the term "executive" recognizes, bearing no other meaning in either text or context than this.

3. To claim a power to execute any thing that the executive has made up, or caused that others under his power and authority have made up for him, by which he issues alleged executive orders from, no matter if such orders are alleged to be for "federal" officials or employees only or if they be for State officials, employees, or citizens, exists as a fundamental breach against either or any of them, and to the same extent that such a condition would exist if the legislative body were to engage in such like conduct where a failure or violation of the "in **pursuance**

thereof" principle of Article VI, Clause 2 was evident, the executive, by such an act of spontaneous executive order's creating and being issued to anyone for any reason, State or "federal," has committed Contempt of Constitution, being a direct violation of his required Oath of Office at Article II, Section 1, Clause 8 of the proposed Constitution for the United States (see The Article VI, Clause 2 – Contempt of Constitution TEST).

4. Further, the same as with the acts or laws enacted by the congress, whether alleged or de jure, when any "executive order," or even a propagated or published "claim for an executive order" has been caused to penetrate into the inside of the borders of a State, a State by the proposed Constitution's Article IV, Section 4 being Mandated to be a Republican Form of Government and NOT a "federal" government in its place, as stated in The Republican Form of Government TEST (see the Exhibited TEST by that name), – "**THAT** form of government **IS** what the people of [that] State" **are** made to be subject to and under, thereby Violating the very Guarantee, or Warranty, that the same Article IV, Section 4 **demands** that the Guarantor, or Warrantor, for a Republican Form of Government carry out or enforce in every conceivable detail, nothing wavering.

5. Thus, the "executive" - or alleged president of the proposed United States - having no authority under Article IV, Section 4's "federal" prohibiting **Guarantee** to issue or enter a single "executive order" to the inside borders of any State of the Several States, neither can the aforementioned president equivocate or cross such alleged, and illegal, executive order power as a means of simulating a self-appointed calling to make himself the Commander in Chief, so that the claim to be any Commander in Chief as with any "police action," "military action," etc., as though being a "spontaneous executive order" power FAILS ENTIRELY for the Same Causes, leaving the "executive" exactly where the executive actually is, POWERLESS as any "Commander in Chief" unless or until Actually Called into Actual Service under The Clause 11 TEST, or Clause 11 of Section 8, Article I, of the proposed Constitution as a matter of Supreme Law over him, the executive, lest it be considerable by the Several States, or either of them, to be Contempt of

Constitution, coming directly under ***their*** Article VI, Clause 2 "in **pursuance** thereof" Power, *immediately* over the alleged United States central government and not under it, as the proposed Constitution's Framers meant them to be.

6. The Constraint against the "executive" or alleged president - based solely upon his being elected and sustained as president - from acting either as Commander in Chief or, as Executive – in issuing a single "executive order" or else military command - to be alleged as penetrating, and effective and enforceable against (or as though on behalf of) the citizens and their governments of any of the Several States - **is extended** *through the* Certain Constraints against the *alleged Congress* at Article VI, Clause 2's "in **pursuance** thereof," **to** the executive, or alleged president, **also**, and makes that same accountable under The Article VI, Clause 2 – Contempt of Constitution TEST – to the Several States' Governments firstly, and the Peoples thereof lastly, and ultimately, over all.

XIX. Commander In Chief FRAUD / Highest Contempt of Constitution.

1. Whenever a President thinks and acts to take upon himself the role of Commander in Chief without being Clause 11, Section 8, Article I or Article IV, Section 4 **called** into actual Service to do so, no matter the *reasoning*, *urgency*, *excuse*, *claim*, *legal theory*, or "*clearance*" from *any* court, whether State or "federal" or de facto or de jure, he commits Commander in Chief FRAUD, which Fraud comes directly under the Crime of Contempt of Constitution (see The Article VI, Clause 2 – Contempt of Constitution TEST), and recognizing that such committed Fraud holds in the balance so many lives, whose blood may be or will be UnLawfully Shed due to it, and so much property and properties upon which so many civil lives, families, and people in vital civil commerce critically rely for their own lives' vital sustenance, such Contempt of Constitution can only be regarded as Tyrannical Malicious Contempt of Constitution, but which can only be charged as such upon the due notice as to the particulars of such Sovereign Republic Crime after which if such President, at that time, still refuses or fails to withdraw and relinquish

such mis-guided, mis-gained power and authority back to the Powers of and *within* the Several States from whence it first, ultimately, arose, the same is prosecutable for Contempt of Constitution war crimes accordingly.

2. Whenever any power of war is linked to any form of Fraud as an integral part thereof, such power of war, being a Fraudulent power of war and not a true one, unalterably goes to and is Contempt of Constitution to the Highest Degree, and is prosecutable by the Several States under The Article VI, Clause 2 - Contempt of Constitution TEST in the same sense that any War Criminal is prosecutable.

XX. THIS TEST'S LEGAL REVELATION, WHICH LEGAL REVELATION DOES NOT EXTEND TO ALTER THE GREATER LEGAL REVELATION FOUND IN THE EXHIBITED EXPOSE "THE NATION THAT NEVER WAS," IN ITS DENYING THE LAWFUL AND LEGAL EXISTENCE OF ANY PRESIDENT AS BEING ANYTHING MORE THAN AN ALLEGED PRESIDENT WHATSOEVER. THEREFORE:

i. The [alleged] President is **NOT** the Commander In Chief ***at the moment*** of his being sworn in to that office, **merely** as an act of being sworn to the President's office itself. It **REQUIRES** Much More Than That for a President to BE "Commander In Chief." It **REQUIRES** An Act of the [alleged] Congress, or else an Article IV, Section 4 Act From and By One or More of the Several States.

ii. The **[alleged]** President MUST Be CALLED, or Have Been Called, Into Actual Service, **BY** the Congress **if** for actions involving either the Navy or the Temporary (2 year) Army of the proposed United States, or in the case of a CALL BY and From one or more of the Several States for the employment of the [federal] Militia, else if NOT Called into such Actual Service in one or all of the three aforementioned military powers, **then** the President does **NOT** exist *as* any Commander In Chief, ever, at all.

iii. The **De Jure** Commander In Chief, if or when any, has **NO** Lawful or Constitution[al] Authority **or** Right to Command a United States "Air Force," even under the claim that it is or once was a Division

of the – Temporary or 2-Year Army, there being No provision for any separate or separated "Air Force" at Clause 12, Section 8, Article I, or Clause 1, Section 2, Article II, neither there being any Authority, or there being No Authority, for a Greater Than 2 Year Army from which any alleged Air Force, even if for 2 years only (the Several States having the Continued Power and Right to have State Militia Airforce Forces or Operations within each of "them"), there being **NO** Constitution[al] Right for a standing or permanent Army, even by ***covert*** or **sham** acts or operations of a proposed Congress, to begin with, or in any instance at all.

IV. I The Commander In Chief has NO Lawful or Constitution[al] Authority or Right to Command a United Sates "Marine Corp," whether or not under a claim as being a division of the Navy, considering the FACT that the historical establishment of the particular "the Marines" was officially and formally **Disbanded**, or **Dissolved** (*meaning* to be brought to an End, Defunct, No More Existing) *more than* 4 (four) Years **before** the proposed Constitution was began to be planned, May 14, 1787, or Ratified into its Final, Agreed To Form, September 17, 1787;

IV. II Which FACT the Constitution's Framers certainly **knew** about, yet **Not One Stroke** of the Pen was **Moved** toward the Direction of **Including** "the Marines" in Clause 1 of Section 2, Article II, for the "Commander In Chief" to **Command**, NOR In ANY Area of the Clauses of **Clause 11**, **12**, **13**, **15**, or **16**, or even in the Second Amendment or the Fifth Amendment itself where it might have been "Included" were there ever Any Original Intent that a "Marine Corp" be allegedly "reinstated" at any time, by any form of implication or reference, to be taken by any Inference that such an organization was simply "missed" as to its **claimed** Constitution[al] Inclusion, At Any Time, After The Fact;

IV. III Which made the **Claim –** that **"**in 1798 the US Marine Corp was officially launched," or that On July 11, **1798** the US Marine Corp was **'reinstated'" –** A **Violation** – or **Contempt of Constitution** – of the [Sovereign][Constitution] Contract ***To Deliberately —*** … Without The Consent of Those Included Parties

Thereto – OR Three Fourths of the Several States Themselves – or that is, **By An Amendment** To The same proposed Constitution ONLY ... **—** ***INCLUDE*** **that** Which **Had *Been*, — AT The Time of the Signing** of such Said Contract, and thereafter by States Ratification of the same Constitution in its Published and Known Existence, **— EXCLUDED;** Such [Sovereign] Contract to be regarded also as **Supreme Sovereign Contract LAW** Thereafter; a Violation of Law Which Cannot, Any Longer, BE Regarded To BE Ignored by Any of "**them**," States Governments, and People.

V. I The Commander In Chief has NO **Lawful** or **Constitution**[*al*] **Authority** to **Command** the [federal] Militia, as to ANY part thereof which is made up from any part of a State's Militia, under whatever name or pretext that such "the [federal] Militia" or State Militia may appear, to leave one State, or the home State wherein the same State Militia was trained to suppress insurrections and repel invasions therein, and enter into any other State of the Several States, without such State's (federal) Militia Troops being first inducted into the **Clause 12, Section 8, Article I** – 2 Years at a time – **Army**, . . .

V. II . . . "the Army" **only,** (having a limit of time to do so), *having* the military right *to* cross its troops over State lines, in order to engage in authorized combat actions, where **War** has been formally and **officially Declared** – **STILL *ONLY*** For **Defense Purposes**, of the Several States, **never** in the "defense" of any "**foreign** State-nation or nation," **EXCEPT** such foreign nation **FIRST** have **JOINED** the Union of the United States – (necessitating the use of the True Flag of the proposed United States – see The Clause 18 TEST) as One of the Several States, Under the Agreement, **Not** "**Power**, contained at Clause 1 of Section 3, Article IV, Extending Thereby ALL Rights for Protection and Involvement with the proposed United States-nation, but without which, Treaties claiming to the contrary **notwithstanding**, There Is **None**;

V. III Establishing that there is **No** Lawful or Constitutional Existence of ANY military involvement, whatsoever, in ANY Foreign Nation-State, At This Time, where NONE of the Same have Freely - and NOT as an Illegally Contrived or Established "Territory" Mechanism or

Political Contrivance - Joined, or Agreed to Come Into the proposed United States – if also Allowed or "Admitted" To, or Agreed To, Do So, AS a Republican Form of Government at the Time such Foreign Nation-State should Elect, of its Own Accord, To Be — No More Foreign, and Strangers — A State of the De jure United States, [evermore].

VI. The **Claim** for a Commander In Chief has **NO** Lawful or Constitution[al] Right to be recognized (NO **Standing**) as to the [alleged] President's Existence, merely by the act of his having been sworn in as "President," by **any** department of the proposed United States, or of any State, inclusive of having his picture displayed under that title, nor may any order, as though an Executive Order, extend to any military degree, inside the Borders of Any State, from any alleged Commander In Chief, never Called By Any of "**them**" to do so.

VII. The Lawless Acts by alleged President Theodore Roosevelt, to engage the alleged Congress by way of Threatened Extortion, said [alleged] "Roosevelt," the Illegal act by alleged President Franklin D. Roosevelt, as a de facto Commander in Chief, in seizing, in 1941, upon the same George Washington donated land as was returned to the State of Virginia in 1846 due to the Betrayal of alleged President George Washington during his time, such act of seizing being in Violation of Clause 17 of Section 8 of Article I, in order to establish, for an Undeclared War, the Pentagon wherein War and War strategies could be practiced and carried out before the official Clause 11 fact; the same Lawless Acts as those of [alleged] "Truman," the same as [alleged] "Kennedy," the same as [alleged] "Nixon," the same as [alleged] "Carter," the same as [alleged] "Reagan," the same as [alleged] "George Bush," the same as [alleged] "George W. Bush," the same as [alleged] "Obama," having, and having had, NO Constitutional Authority *as though* "Commander In Chief" to **order**, or to **continue to order**, the least rank of naval [or standing army] military authority of all, the E1, and above to the highest enlisted *and* officer level, to do ***anything***, has left this proposed nation an Increased Legacy of Evil, and Corruption, which said [**Bully**] Roosevelt Act of Extortion, if correctly known of and understood in time, would have lead to his, Roosevelt's, unquestionable impeachment and removal from office for such Criminal Act by Misuse

of said President's Office, Justifies the Removal of the title of President from before his name altogether, following the heinous, contortionous, or twisted, act of creating a De facto Recognition of a President as an Instant Commander In Chief – Where There Was None, from which UnConstitutional, or Lawless Act, **MILLIONS** have Suffered and Died From Thereafter.

VIII. All **Non**-Clause 17, Section 8, Article I "Places" to be Withdrawn From, by all forms of "U.S." military powers to be found therein, extended to those many nations by the alleged President, as the alleged Commander in Chief, of the proposed United States, Without Unreasonable, Unjust Delay:
